AUT UNIVERSITY

The University for the Changing World.

AUT University was established in 1895 as the leading Institute of Technology and is now ten years old as a University. We are the third largest and fastest growing university – accredited by the New Zealand Government, internationally recognised and globally competitive. Our teaching, research and community work integrate the most contemporary thinking, and are focused on fields within:

- Applied Humanities
- Business and Law
- Design and Creative Technologies
- Health and Environmental Sciences
- Maori Development

Established relationships with employers and professionals make the teaching and research relevant to current and future industry, which accounts for our 95% graduate employment rate. Many programmes involve a cooperative education component, where students join a commercial enterprise for a semester and apply skills and knowledge in the real world. AUT prides itself on its high lecturer-to-student ratio, and on-campus facilities, including on-line library resources, entertainment and sports.

OUR STUDENTS:

AUT University is committed to internationalisation and welcomes over 4000 students worldwide. Support services are available inclusive of health services, orientation, accommodation placement, academic support and student mentors.

LOCATION:

We are located in Auckland, New Zealand, with three well-positioned campuses – one central city, one on the North Shore across the Auckland Harbour Bridge and one in Manukau, South Auckland. Auckland is ranked third equal in the world's top cities to live and work in. * It is located in the north of the North Island and is the largest and most culturally diverse of New Zealand's cities, with a population of more than 1.2 million people – 27% born in other countries.

PROGRAMMES:

AUT offers over 250 undergraduate and postgraduate programmes within the Faculties. The Schools offer programmes in Applied Sciences, Art & Design, Business, Communication Studies, Computing & Mathematical Sciences, Creative Technologies, Education, Engineering, Health, Hospitality & Tourism, Languages, Social Sciences and Sport & Recreation. Certificates, Diplomas, Foundation Studies and English Language are also available to staircase students from pre-degree to PhD.

RESEARCH:

AUT places great emphasis on developing a culture in which the integration and application of research and learning are defining

characteristics. Students have the opportunity to work alongside some of New Zealand's most innovative and creative researchers.
